PROFESSIONAL SUMMARY

Computer Science student at the Federal University of Agriculture, Abeokuta, with hands-on experience building responsive websites and developing frontend interfaces. Proficient in HTML, CSS, JavaScript, and Git/GitHub, with a growing focus on modern web development. Currently developing FANDAHOM, a web-based real estate project, where I serve as Frontend Developer and Lead. Seeking opportunities to gain professional experience, contribute to real-world projects, and continue developing as a software engineer.

EDUCATION

Federal University of Agriculture, Abeokuta (FUNAAB)

B.Sc. Computer Science — Expected 2028 | Abeokuta, Ogun State, Nigeria

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript
- Version Control: Git, GitHub
- Web Development: Responsive web design, DOM manipulation, JavaScript form logic
- Currently Learning: Computer Science fundamentals through CS50

PROJECTS

FANDAHOM — Frontend Developer & Lead | Real Estate Web Platform

fandahom.com

- Lead frontend development of a real estate web platform designed to showcase property listings and provide users with an accessible property-browsing experience.
- Built and developed website interfaces using HTML, CSS, and JavaScript.
- Implemented interactive frontend functionality and user-facing features.
- Used Git and GitHub for source-code management and project development.
- Currently developing and refining the MVP toward a more complete product.

LEADERSHIP & EXPERIENCE

Departmental Welfare Director | Federal University of Agriculture, Abeokuta | 2025-2026

- Served as a departmental welfare representative during the 2025/2026 academic session.
- Worked with students and departmental leadership on student welfare matters.
- Developed communication, coordination, and leadership skills through departmental responsibilities.

COURSES & CONTINUOUS LEARNING

CS50 — Introduction to Computer Science | Harvard University / CS50

Currently completing coursework covering computer science fundamentals, programming, algorithms, data structures, Python, SQL, HTML, CSS, and JavaScript.

CAREER INTEREST

Seeking web development and frontend development opportunities, particularly internships and entry-level roles where I can apply my existing skills while gaining professional experience and continuing to grow as a software developer.
